

Privacy: A Very Short Introduction

By Professor of Law Raymond Wacks

Oxford University Press, United Kingdom, 2015. Paperback. Book Condition: New. 2nd Revised edition. 172 x 110 mm. Language: English . Brand New Book. Some would argue that scarcely a day passes without a new assault on our privacy. In the wake of the whistle-blower Edward Snowden's revelations about the extent of surveillance conducted by the security services in the United States, Britain, and elsewhere, concerns about individual privacy have significantly increased. The Internet generates risks, unimagined even twenty years ago, to the security and integrity of information in all its forms. The manner in which information is collected, stored, exchanged, and used has changed forever; and with it, the character of the threats to individual privacy. The scale of accessible private data generated by the phenomenal growth of blogs, social media, and other contrivances of our information age pose disturbing threats to our privacy. And the hunger for gossip continues to fuel sensationalist media that frequently degrade the notion of a private domain to which we reasonably lay claim. In the new edition of this Very Short Introduction, Raymond Wacks looks at all aspects of privacy to include numerous recent changes, and considers how this fundamental value might be...

Reviews

A top quality publication as well as the typeface used was intriguing to learn. Yes, it is play, still an amazing and interesting literature. I discovered this publication from my i and dad suggested this book to learn.

-- **Prof. Louvenia Flatley**

It is one of my personal favorite publications. Indeed, it actually performs, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changed the way I believe.
