UNDERSEA WARFIGHTING

Createspace, United States, 2014. Paperback. Book Condition: New. 272 x 210 mm. Language: English . Brand New Book ***** Print on Demand *****.The Navy's undersea warfighters bring a set of tools and capabilities to U.S. national security that are unique and indispensable. Enabled by stealth, surprise and boldness, undersea forces provide military impact and deterrent influence that is far out of proportion to their size and quantity. When our lethal and undetected undersea force operates in concert with the visible and intimidating power of carrier strike groups and the expeditionary capacity of the Marine Corps, the Navy-Marine Corps team provides a formidable, flexible and daunting conventional power projection force. Our undersea forces must be manned by a cadre of undersea professionals with special technical and military expertise, skill at employing stealth, self-sufficiency, initiative, a penchant for tactical innovation and aggressive warfighting tenacity. These bold undersea warriors ensure that our exceptional undersea forces are ready to fight on short notice, can gain non-provocative early access far forward, exploit the full undersea maneuver...
