He goes into an investigation, somewhat a skeptic, but always a professional, armed with the technology designed to get to the truth. Julie Williams on the other hand, arms herself with crystals, prayer, and the belief that spirits have something to teach us. Together, Tom and Julie, with the help of their Investigative Unit, have helped many homeowners come to the realization that there is something hiding behind the thin veil that separates the living and dead, and it s getting thinner. When not investigating a haunting, Tom and Julie conduct workshops and public events so that people from all walks can begin to understand the world of the paranormal. Within this book, you will find the techniques and procedures to conduct a proper investigation, from the first contact with the client, to the final report filed. See why Toms Twenty Minute Rule is important to any investigator who wants to capture better evidence. Understand why you never want to wear cologne or perfumes on an investigation. These and other techniques are listed in ParaTom s Guide To Paranormal Investigations.
