Flamingo, UK, 1999. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Available Now. Book Description: A collection of journalism from a topical and entertaining author.: A cornucopia of a book, Godless in Eden brings together a selection of lectures and essays contributed to newspapers, magazines and books over recent years, revised for this volume, and all highly relevant to today. From the changing face of government, the feminisation of politics, life in Tony Blair's godless and un-ideological New Garden of Eden, to whence and whither Feminism via the new cult of Therapism, to our turbulent and benighted royals by way of Roseanne and Jamie Lee Curtis.: A final treat in the final section, Growing Up and Moving On, some wonderfully incisive autobiographical snippets of Weldonian life and times. : Amazon Review: "Since the unemployed appear to be burnt offerings to the stability of our economy," writes Fay Weldon, at the beginning of "The Way We Live Now", ".I think they should be treated with vast respect and allowed to live in peace, dignity and the utmost comfort." "Feminism has been used as a cloak," she suggests, "under...
