# Plain Written English for Business and Technical Applications Main Text

Filesize: 3.84 MB

Reviews

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Mr. Noah Cummerata IV)

Babel Corporation, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Plain English introduces a system of writing clearly and effectively for all writers of English, the world over. In response to the clear emergence of English as the preferred language for both international business and travel, the global lingua franca of the modern age, Plain English is a system that can help writers to communicate their ideas clearly, effectively and directly, ensuring a one-to-one relationship between the author s intended message, and the reader s perceived message. Plain English as it is introduced here is not just a set of random guidelines and advice, but rather, a complete system of English usage that embodies four rigorous principles, which further address sixteen basic guidelines, which in turn govern eighty separate rules of usage. These four basic principles of Plain English are (1) Cohesiveness (unified, logical, consistent, complete, etc.); (2) Directness (clear, succinct, positive, etc.); (3) Economy (brief, uncluttered, minimal, etc.), and; (4) Appropriateness (polite, respectful, correct, neutral, etc.). Plain English recognizes the shortcomings in the fact that not all grammatically correct sentences in English are necessarily clear, or concise. In fact, there are many grammatical sentences that are very difficult to understand because of vague or ambiguous words or syntax, overly long and dense sentence structures, confusing pronoun and article usage, and so forth. The book assumes a professional focus; in other words, it is most especially useful for those who make their livings as writers, such as translators, journalists, novelists and so forth, but also other areas of business are addressed, including writing business letters and email, reports, invoices, and so forth. And, while there is a professional focus, of course virtually all of the principles, guidelines...
